PRISON LOOKED GOOD TO HIM

Burglar's Harrowing Experience Surely Calculated to Touch Even the Hardest Heart.

The burglar climbed through the open window, entered the drawing room, and hid behind a curtain.

Hardly had he concealed himself before the youngest daughter of the house had a piano lesson. An hour later—at six o'clock, to be precise—her little brother had a long and spirited tussle with a shrilly protesting violin.

At seven o'clock the elder girl had an hour's singing lesson, and at eight o'clock the elder boy began practising, but with indifferent success, a particularly maddening little trill on the flute.

At nine o'clock they all assembled, and played and sang in what they fondly, but erroneously, imagined to be harmony.

It was then that the burglar rushed forth, threw himself prostrate on the floor, and begged to be arrested and lodged in a place of safety.

NEW CLUBS IN ISLAND POND

Farm Bureau of Orleans County Begins First Club Work in Essex County Through Help of E. L. Ingalls, State Club Leader.

Island Pond boys and girls have taken up the "fire torch" of Boys' and Girls' Club Work. Mr. E. L. Ingalls, state club leader from University of Vermont, Burlington, acted as "torch bearer" when he visited their town March 27, 28 and 29th. They gave him a warm reception when 83 boys and girls joined four clubs that were organized through the help of Principal Chas. Thibodeau of the Island Pond high school. Dr. Amos Parin was the sponsor for Mr. Ingalls' visit, having called on him at his office at Burlington about the possibilities of some clubs being started there this spring.

Farm Bureau to Help.

The Orleans County Farm Bureau is pledged to help carry on this work so well started by Mr. Ingalls, and will at once place the boys and girls in the new clubs on the same basis with the regular club members for competition for the state and county prizes. The agents of the Farm Bureau will assume guidance of the work and continue to call on the state agents for similar assistance to the good work done by Mr. Ingalls on his first visit.

Poultry club (name to be selected), 18 members; leader, Mr. Johnson (proposed); advisory committee member, Dr. A. E. Parlin; officers: president, Trefle J. Turgeon; vice president, Harland Graham; secretary and treasurer, Ronald Melcher.

Garden club (name to be selected), 23 members; leader, Mr. Luther A. Cobb; advisory committee members, Mrs. L. A. Cobb and Rev. Mr. Mandior; officers, president, Ralph Morrill; vice president, Boyce; secretary and treasurer, John Sargent.

MARY (RICE) FOSTER

Mary Rice was born in Halifax, N. S., October 22d, 1883, and her early life was spent there and in Canada. She came to Newark when a young woman and worked in the family of Mr. and Mrs. L. O. Sleeper. In October, 1905, she married Charles Foster, and they went to Montpelier, where they remained about one year. Later they returned to Newark and bought the Foster farm, where they lived until a year ago, when they purchased their present home in West Burke. Two children, Marjorie and Archie, were added to the family circle during the passing years. Mrs. Foster was a devoted wife and mother, and her failing health was a great source of unhappiness to them all. She has been a great worker, when her health would permit, but was finally forced to have an operation, which seemed at the time to have been very successful. Her condition was such, however, that she could not rally, and she passed away Tuesday, April 25th. The remains were brought here Wednesday afternoon, and the funeral occurred at the Catholic church in Lyndonville Friday morning.

Besides her immediate family she leaves an aged mother, whose home has been with her for sometime, and one brother, John Rice, of Lyndon. The sorrowing family have the deep sympathy of the whole community.

Mrs. W. H. Gould and children have been spending the past week with relatives in Montpelier.

VERMONT NEWS

With the close of the school year in June Mrs. Lydia Beck of St. Johnsbury will complete 50 years' service in the teaching profession and will retire from school work.

A fire which is thought to have been caused by tramps totally destroyed the barn and silo of John McGarr on what was the Marcette farm two miles north of Sherburne village and burned 22 head of cattle causing a loss of about \$7,000.

The accredited herds report put out by the bureau of animal industry in cooperation with the states shows that Vermont was in fourth place in this regard on April 1, with 1,001 herds. Wisconsin was first with 1,551, Minnesota second with 1,429 and Pennsylvania third with 1,009.

In the past six years Grace Methodist church in St. Johnsbury has cancelled a debt of approximately \$85,000, and the new building with its furnishings and the site valued at \$100,000 is free from debt. The old building was destroyed by fire January 14, 1915, and the new one was begun June 5, 1915, the cornerstone being laid in September of that year.

Fire started on the municipal forest of Bellows Falls last week when workmen were burning brush preparatory to setting out more trees, and considerable damage has been done. The ice house of the Bellows Falls Ice company, containing over 3,000 tons of ice, has been endangered, and in addition to the village land a large section owned by Lew C. Lovell and George A. Halliday has been burned over. E. Scouts are among the fire fighters. At times the fire has been dangerously near dwellings on the north terrace of the village.

Two of Them,
"What's it the sign of when your girl refuses to kiss you?" asks a hurt contemporary. Well, it used to mean she had a split lip or had been eating onions, and we don't believe the feminine nature has changed any.—Buffalo Times.
